S_____

In the Senate of the Third Period Government Class

At Wakefield High School

Miss Lynn Taylor introduced the following bill; which

was referred to the committee on _____

A BILL

School Social Activities Bill

Be it enacted by the Senate of the Third Period Government Class at Wakefield High School assembled that school social activities be responsibly administered and be non-discriminatory of persons because of race, color, or creed.

I. Administration of school social activities

A. The County School Board will determine the basic social activities policy for the schools in the county.

B. The Administration of each school may determine within the limits set by the County Board the procedure for its own social activities.

1. Parent and student organizations may assist in policy-making for and sponsorship of the social activities.

2. Final authority on the individual school level rests with the school Principal.

II. Discrimination in school sponsored social activities

A. No policy of the County School Board or of the school Administration may bar students of the school from attending school sponsored social events because of race, color, or religion.

B. No rules of conduct, discriminatory on the basis of race, color, or creed, may be established for school sponsored social activities.

III. Rental of school building by outside groups

An outside group renting a school building for a social activity may determine its own policies with the restriction that it may not discriminate against persons because of race, color, or religion.
